The consolidated American Journal of Physiology (AJP) ranks as one of the most frequently cited publications among all physiology journals listed in the Journal Citation Index. Published in two monthly volumes by The American Physiological Society, the consolidated AJP brings you approximately 2,700 articles encompassing over 22,000 pages annually.

The consolidated edition of the AJP provides comprehensive coverage of the latest research published in these important specialty journals:

- Cell Physiology
- Endocrinology and Metabolism
- Gastrointestinal and Liver Physiology
- Lung Cellular and Molecular Physiology
- Heart and Circulatory Physiology
- Regulatory, Integrative and Comparative Physiology
- Renal Physiology

As your comprehensive source for the full spectrum of current physiological research at a single low subscription price, the consolidated AJP is an unbeatable value.
The Department of Pharmacology and Physiology at Drexel University College of Medicine is seeking applications for full-time tenure-track faculty to fill positions in the disciplines of Pharmacology and Physiology. This initiative continues our effort to attract outstanding candidates to this Department. We have hired 6 new faculty within the past year and will continue these efforts to build the Department with an emphasis on strong research-based programs. The Department of Pharmacology and Physiology is in the process of continuing to renovate laboratory and support space to accommodate new and existing faculty as part of the overall initiative to enhance the departmental research, its infrastructure, and educational strengths.

We seek outstanding candidates with a demonstrated commitment and the ability to pursue research in a number of areas in Pharmacology or Physiology. Applicants are expected to demonstrate the capacity to establish or transfer an outstanding and scientifically sound research program that will attract and maintain research funding. Candidates should also be committed to training and education at the graduate and medical school levels. Active participation in the development of a collegial and collaborative research environment is expected. Competitive start-up packages are available.

Applications at the Assistant through the Full Professor level will be considered. The specific research areas for individuals interested in a position are not specified but must complement and/or enhance those within the Department. Areas of focus and faculty interests are available on the Departmental website.

The Department of Pharmacology and Physiology is one of four basic science departments within the College of Medicine. Opportunities for collaborative efforts with these departments as well as with the clinical departments, the School of Biomedical Engineering and College of Engineering are ongoing and strongly encouraged, as are collaborations with other institutions and organizations within the Greater Philadelphia Area.

For more information please consult the following websites for Department of Pharmacology and Physiology (http://www.drexelmed.edu) and for graduate biomedical and medical education at Drexel University College of Medicine (http://webcampus.drexelmed.edu/). Applicants should submit their curriculum vitae, a statement of their current research and future research directions, relevant teaching experience, and the names of three references to Carolann.Imbesi@Drexelmed.edu. Review of applications will begin immediately.
CALL FOR NOMINATIONS

For the Editorship of the

American Journal of Physiology-Lung Cellular and Molecular Physiology

Nominations are invited for the Editorship of American Journal of Physiology-Lung Cellular and Molecular Physiology to succeed M. Matthay, who will complete his term as Editor on December 31, 2011. The Publications Committee plans to interview candidates in the Spring of 2011.

Applications should be received before January 15, 2011.

Nominations, accompanied by a curriculum vitae, should be sent to the Chair of the Publications Committee:

Hershel Raff, Ph.D.
American Physiological Society
9650 Rockville Pike
Bethesda, MD 20814-3991

CALL FOR NOMINATIONS

For the Chair of the European Editorial Committee of

Physiological Reviews

Nominations are invited for the European Chair of Physiological Reviews to succeed O. H. Petersen, who will complete his term as Chair of the European Editorial Committee on December 31, 2011. The Publications Committee plans to interview candidates in the Spring of 2011.

Applications should be received before January 15, 2011.

Nominations, accompanied by a curriculum vitae, should be sent to the Chair of the Publications Committee:

Hershel Raff, Ph.D.
American Physiological Society
9650 Rockville Pike
Bethesda, MD 20814-3991
Announcement!

Physiological Genomics

Going Online-Only in January 2011!

We are pleased to announce that *Physiological Genomics* will migrate to an online-only format beginning January 2011.

Your online subscription brings you all of these features!

- Weekly early view publication
- Monthly final publication
- Supplementary data
- PDFs
- Editor’s Picks
- eTOCs
- RSS Feeds
- Enhanced full text search features and an intuitive browsing experience
- Searchable through Google
- Links to Medline and GenBank

- Free access to the extensive collection of back issues available online 12 months after publication
- CiteTrack: Receive email alerts when new content matches criteria based on the topics, authors, and articles you want to track
- LOCKSS and CLOCKSS: Perpetual/ Electronic Archiving of the LOCKSS and CLOCKSS systems preserves the electronic content of all APS journals
- CrossRef participant

LIFE LINES PUTS THE "PHIZZ" IN PHYSIOLOGY

Listen to or download your choice of these (and more) amazing podcasts available today at:

www.lifelines.tv
Authors:
Publish your name in your native language

Authors who publish in APS journals may now present their names in non-Latin characters (in their native writing system) alongside the standard English transliteration of their name in the main author line of the published article; for example, “Ta-Ming Wang (王大明”).

We will accept any non-Latin languages that have standard Unicode characters designated for the native characters. For authors that choose this option, please only provide the native expression for the original written form of the transliterated name; that is, do not include any associated degree, rank, or title information in the native format. This feature is meant for the person’s name only, not for ancillary information regarding academic achievement or institutional affiliation.

To take advantage of this new feature, please insert the native expression of your name alongside the English transliteration in the main title page of your manuscript submission.

WE ARE ALL PHYSIOLOGISTS

Our Research Includes:
- Biochemistry
- Biomathematics
- Biophysics
- Cell Biology
- Comparative & Evolutionary
- Genomics
- Medical & Veterinary Sciences
- Molecular Biology
- Neuroscience
- Pharmacology

APS Members are individuals worldwide whose work focuses on a wide variety of disciplines devoted to human and animal health and function—including systems biology, genomics, translational research and all other life sciences.

The majority of this international membership hold doctoral degrees in physiology, medicine, or other health professions; and they are employed in universities, hospitals, industrial organizations, medical schools, private foundations, and government. APS also has Student and Affiliate members.
